Consular General of Canada, that he would like to see more of his people

Not the Danes alone, but all the people of Scandinavian descent have proven themselves ideal citizens. Industrious and law abiding by na-

in their respective communities and by free intermarriage with other races they hasten the process of assimilation which is so essential to the progress of a youthful nation.

No special privileges, such as other pampered settlers received were ever bestowed upon them, and it is worth while comparing their achievements with those of the folks who seek to preserve their identity as a people.

thereby creating more problems for future generations of Canadians to grapple with.

### SCOTTIE INVADERS ITALY

The lone Scottish soldier who ven-

tured to go ashore at an Italian port, when returning home on leave from the Holy Land had a wonderful reception from the populace.

According to a report in a Soviet journal the killed laddie was besieged by such large crowds that the traffic was blocked, and he had to be escorted back to his ship by a number of Italian officials.

Although this incident occurred at a time when Britain and Italy were rather hostile to one another, the soldier reported that the people

created him in the kindest fashion. This seems to bear out the statement made by an American traveller at the height of the Ethiopian crisis. Although the official newspapers

were pouring out fierce denunciations on all things British, he noticed that the Italian people seemed to be puzzled at the proceeding. Perhaps their memories went back to the time

when the heroic Garibaldi was struggling for Italy's freedom and old John Bull was his one true friend.

Our present age more than any other in the world's history is intensely concerned with the problem of the emotional relations. Children in school today are going to solve that problem tomorrow. Texts and teachers should serve only to show the way to truth; the pupil must find the truth himself. Let him make his own decisions about water power, and tariff walls, and war, and peace, but so it that decisions are made, and that the pupil has every possible facility for making them.— and hope mightily that he may vision the heretoford of man as the outstanding aim of modern civilization.

stay not the struggle naught availeth, The labour and the wounds are vain. The enemy faints not, nor faltereth, And as things have been, they remain.

If hopes were dupes, fears may be liars;

It may be, in you smoke concealed, Your comrades chase e'en now (tho' they lie), And, but for you, possess the field.

For white the tired waves, vainly breaking,

Seem here no painful lurch to gain, Far back, through creeks and inlets making,

Comes silent, flooding in, the main;

And not by eastern windows only, When daylight comes, comes in the light,

In front, the sun climbs slow, how slowly,

But westward, look, the land is bright!

("Hope"—Arthur Hugh Clough.)

## NAMAKA

(Held over from last week)

The 14th anniversary of the Ladies Aid was held at the home of Mrs. James McLean on Thursday, June 16, with an attendance of 21. After the usual business routine, some very interesting letters from various members, who are now living elsewhere were read and an account of the activities in their localities discussed, and their sincere wish of continued success was conveyed to the members of the Aid. Mrs. Attkins gave a summary of the work accomplished during the five years since the organization which was very gratifying. A contest followed which was quite interesting and created a good deal of excitement. The next meeting will be held at the home of Mrs. Peterson on July 21st.

The Sports Club are sponsoring a golf tournament to be held on the afternoon preceding the dance which is scheduled for Wednesday, June 29th.

The Junior Room of approximately 26 pupils under the supervision of Miss Thomson moved to St. George's Island Friday to gather information on the wild animal life and to view the life size dinosaurs, etc. The children enjoyed everything which was both pleasant and educational. Mrs. Mackie, and Messrs. Miller, Pascoe, Thomson, and Wheeler furnished their cars for conveyance.

George Geddiart was taken to a Calgary hospital on Friday for treatment. His friends are hoping for a speedy recovery.

Mrs. Loy Wheeler and Mrs. L. H. Attkins attended a meeting in Central church, Calgary Friday last. The purpose of the meeting was to discuss the feasibility of organizing a Ladies' Fraternity. Forty-seven ladies were present who took part in the informal discussion. The decision of the various associations as to above suggestion is to be sent to the Committee of Central church in early fall. A delicious luncheon was served at 1 o'clock.

THEY certainly know how to push June summer-fallowing through at the Deer Lodge Farms Ltd., near Standard, Alberta. With a "Caterpillar" Diesel 14, pulling two 8-foot tillage combines, they cover five acres per hour on less than 2 gallons of 12½¢ fuel.

At various types of farm work and under varying loads, fuel consumption was only 2,800 gallons for 1,825 hours of operation. This averaging less than 1½ gallons per hour. Savings on fuel costs, however, are not the only economies attained with a "Caterpillar" track-type Diesel Tractor. Farm Manager H. B. Grant writes, "There were no repairs except a spark plug for the starting motor, a clean-up for the Diesel motor, and two rings per piston."

### DOMINION DAY, JULY 1st

1867-1928—Canadians are proud of our Dominion. Perhaps we are not so proud of our loyalty from the house top but we possess a deep and abiding conviction that we have a noble heritage in the Dominion, that Canadian people rank high among the progressive peoples of all nations, and that in the 71 years of her nationhood Canada has achieved a status of which her people may justly feel proud. There are those who say we have no national literature. Home was not built in a day. This year an exhibition of art by Canadian artists only, is being arranged for in London, Eng. Dominion Prime Ministers, since in number have guided the "Ship of State", through troubled waters, and danger should be constantly near at the present stage, which will require the utmost care to avoid. There are momentous problems to solve.

We believe the voice of a sane democratic people, with their leaders will ultimately win through and that Canada's influence will continue to increase and establish for her people a noble destiny.

"Her Dominion shall be from Sea to Sea."

No occasion.

### ILLUSTRATED LECTURE ON PEACE AND DEMOCRACY

It was a talk of vital importance and interestingly told, by Mr. Robertson, who held the close attention of the regrettably small audience in United Church last Thursday evening. The lecture warranted a capacity audience. Vital truths that are not pleasant to hear were given, Canada, United States and Great Britain, while ostensibly deploring War are constantly sending large quantities of War material to Japan. Sending bombs which cost \$500 each to blow up innocent victims and fine buildings just we "desire peace".

The inconsistency of it all is tragic! The greatest horror of it all is that they who provoke the wars are not they who fight the battles.

What of our civilization? Whither is it tending? Is Commerce or Human, Life of greater value?

### NIGHTINGALE

Miss Hallet of Calgary, sister of Jim Hallet, was week end guest at Mr. and Mrs. William Otton.

Tues. School: Landover, Blainier and Nightingale at the Edgar team for a delightful picnic.

Blainier won over Landover in the first foot ball game, then Nightingale won over Blainier and Landover in two separate games.

Three Star players were chosen from each school to play against the men's pick up team, winning by a close score.

Plenty of lunch and tea cream was served under the trees. Later in the evening winners were toasted and everyone thoroughly enjoyed themselves.

Mr. and Mrs. Norman Bruce of Wray were visitors of the Harrisons this week.

Mr. and Mrs. H. Hansen were week end guests of Mr. and Mrs. Art Kinnest.

Mr. and Mrs. Jim May of Cluny were week end visitors of the Murrys.

Mrs. A. Downey and family visited with the Harrisons last week.

Mr. and Mrs. Joel and family, Mr. and Mrs. V. Miner, Russell Morgan and Mrs. P. H. Hinton and family motored to Turner Valley and Little Chicago on Sunday for a delightful picnic.

Mr. Larsen went to Calgary with Fred Hilton last week and drove his own car home. Now it will be a driver's license for the whole family, "maybe" says Mr. Larsen.

The W. I. met at the home of Mrs. Chas. Kinnest last week. Several visitors were present and an enjoyable afternoon was spent visiting, after which a delicious lunch was served by the ladies.

(Held over from last week)  
Last Friday afternoon the Junior Red Cross Society of Valley Gardens

School entertained their mothers at their last meeting of the year. Clarence Putnam, president and Doris Putnam as secretary conducted the session in a very businesslike manner. By vote the children decided to hold their picnic in the same delightful spot as last year. Their annual report showed a splendid year's work. Each member answered roll call with a health rule. Miss Harriman as program convener took charge after the business session and many songs and recitations followed. A debate on "Resolved that train transportation is better than car" was carried on with Tom Stoodley and Orvia Teclutter on affirmative and Billy Jansen and Ted Stoodley on the negative. Many fine points were stressed by both sides. The judges decided in favor of the negative. A delicious tea was served and Mrs. Stoodley proposed a hearty vote of thanks to the school and Miss Beattie for the splendid afternoon. This was heartily given.

Mr. and Mrs. George Thurston and baby Ronald of Lytla were visitors with home folks last week.

Miss Kathleen Harriman is spending this week at home. She is being congratulated on her graduation from Crescent Heights High School in Calgary. Welles Harriman of Cluny also spent the week end at home.

Mr. and Mrs. Coupe of Calgary and son Jack of Kelowna, B. C. were recent visitors here. Mr. Coupe, Sr. is not as well as we could wish.

Mr. Geo. Carlson and Alice Walker were called to Calgary by the serious illness of their father Mr. G. Walker.

Mr. and Mrs. Stoodley and family were Sunday guests of Mr. and Mrs. Clifford Way at Bertha Vale.

About fourteen members of Nightingale W. I. went to Langdon last Tuesday to attend District No. 4 Conference. The program was much enjoyed by all. Mrs. Stewart, provincial president was the guest speaker of the afternoon.

The young folks of this community are now busily conscious. They enjoy the friendly get-together sessions. Last Sunday they played with Alex and Nightingale winning the game.

Grasshopper poisoning continues and results are apparently very good.

### LANGDON

The Annual Children's picnic was held at St. George's Island on Sunday, about one hundred enjoyed the strawberry dinner.

 Berta Vale schools are combining the  
 school picnic to be held at Berta Vale.

J. Schuber is installing city con-  
 veniences in his house.

Miss Peter had a minor accident  
 while motoring with Mr. Schuber. We  
 wish her a speedy recovery.

Why not take a drive through the  
 Hervey district and see the wonderful  
 improvements on Walter Buzant's  
 farm.

Our neighbor Leslie Campbell is  
 working day and night with his true  
 loyalty.
